

Maca Powder

Grown and consumed for thousands of years in the Andes, Maca is cultivated in some of the highest Andean plateaus. Capable of withstanding frost and altitude, it is packed with a complex of nutrients, essential minerals, vitamins, amino acids, plant sterols, healthy fats, and even 4 alkaloids. Maca is an outstanding adaptogen, used for centuries by Andean natives to resist disease, increase stamina and libido, and combat stress and fatigue.*

Use it on smoothies, cereal, shakes, juices, oatmeal or yogurt.

- Contains glucosinates
- Rich in essential minerals such as selenium, calcium, magnesium and iron
- Great source of energy

Available in bulk and packaged.
